Dear Ms Samarasinge,

Thank you for your letters to me regarding your manifesto.

Labour will restore Britain's commitment to fragile and conflict affected states

We will reverse the Tories narrow, short-term and value-for-money dominated approach. Our approach - and our commitment - to supporting the most vulnerable will not be measured by political cycles and senseless targets.

Labour will design our fragile state programmes to focus on long-term sustainable impact.

We will do more to build state capacities through a more considered, flexible and locally-informed approach that better understands what works in the toughest environments.

A cross-Whitehall approach will be taken to preventing genocide and mass atrocity will be a priority with a focus on early warning and prevention. To do this we will review this government Conflict, Stability and Security Fund and ensure aid is not being misspent.

Thank you again for taking the time to get in touch about such an important issue.

Yours sincerely,

Rt Hon Ed Miliband MP
